

Coalmont Cemetery

Coalmont, Tennessee

Recorded February 12, 2003

The author of this transcription is unknown to me. The cemetery was probably recorded in 2002 and 2003 as the date on the cemetery layout is dated 12 February 2003. The original document had another column labeled "Notes". This column contained mostly dates which appear to be when payment was made for the plot. I have left this column off as it is unclear as to its purpose.

Dashes and **?** indicates the date has not been recorded or is unknown.

Blanks on both birth and death date probably indicates that the plot has been purchased by or for the person named but there had been no burial at the time of this transcription.
