According to family tradition (see "Tate Families of the Southern States" by Mentzell & Updike); Calvin, born c1856, was the illegitimate child of William Carlton and Elizabeth (Tate) Reilly. Although he lived with his real parents (after their marriage) he always used the surname TATE.

Cal and his first wife (name unknown) lived in Oklahoma. In 1917, he married 2nd Agatha Stephenson, in Crittendon County, KY. Cal died 1931, in Hampton KY. R. C., J. C. and T. C. Carlton (his brothers?) shared in his estate.

Cal was sometimes known as Calvin G. S. Tate, the same name as one of his mother's brothers. This name was also given to one of Humphrey Pose Tate's sons. Humphrey was Cal's uncle.

In 1850 census, "P., 16" is still at home with his parents, in Grundy County. On 11 Jan 1855, he married Dorcas Sally Dykes.
