

## **Deceased Military Veterans of Grundy County Tennessee January 2017**

By David Patton  
Palmer Town Historian

After a lifelong interest in military history, and especially that which related to our Grundy County people, about twenty years ago, I began to earnestly gather the names of anyone who ever lived in Grundy County and served in the U.S. Armed Forces.

My sources were varied, from word of mouth to tombstone epitaphs and newspaper obituaries in local and out of county publications. Even I was frequently surprised to learn that someone I knew had a distinguished military record that few others knew about.

Most of the names listed here will be familiar and bring back a flood of memories while others will have been largely forgotten, but it is our fervent hope that all will be remembered with appreciation and respect by future generations of Grundy Countians as they enjoy the freedoms secured by those who came before.
